Objective:

Energetic and dedicated Math Teacher with a passion for cultivating a positive and inclusive learning environment. Committed to empowering students with the knowledge and skills to succeed in mathematics and beyond through engaging and student-centered instruction.

Education:

- Master of Arts in Mathematics Education
 - *Columbia University, New York City, NY*
 - Graduated: May 20XX
- Bachelor of Science in Mathematics
 - *University of Texas at Austin*
 - Graduated: May 20XX

Skills:

- Proficient in Microsoft Office Suite and Google Workspace
- Experienced in integrating educational technology tools such as Mathletics and IXL into instruction
- Strong understanding of curriculum standards and assessment practices in mathematics education
- Excellent communication and interpersonal skills, fostering positive relationships with students, parents, and colleagues
- Ability to differentiate instruction to meet the diverse needs of learners

- Skilled in analyzing student data to inform instructional decision-making

Languages:

- English (Fluent)
- Mandarin Chinese (Basic)

Professional Experience:

Math Teacher - Lakeside High School, Lakeside, USA

- Developed and implemented engaging and rigorous lesson plans for Algebra II, Trigonometry, and Statistics courses
- Utilized a variety of instructional strategies, including cooperative learning and problem-based learning, to promote student understanding and retention of mathematical concepts
- Provided timely and constructive feedback to students to support their growth and development
- Collaborated with colleagues to develop interdisciplinary projects and incorporate real-world applications into the curriculum

Hobbies:

- Playing Piano: Enjoys playing classical and jazz music in spare time
- Gardening: Finds relaxation and joy in cultivating plants and flowers
- Cycling: Enjoys exploring scenic routes and challenging trails on bicycle
- Cooking: Enthusiastic about experimenting with new recipes and cuisines

Soft Skills:

- Empathy: Demonstrates understanding and compassion for students' individual needs and backgrounds
- Adaptability: Flexibly adjusts teaching methods to accommodate diverse learning styles and abilities
- Collaboration: Works collaboratively with colleagues to create a supportive and inclusive learning environment
- Critical Thinking: Encourages students to think critically and analytically to solve complex mathematical problems
