Objective:

Dedicated and dynamic Math Teacher committed to fostering a supportive and stimulating learning environment. Passionate about inspiring students to develop a deep understanding and appreciation for mathematics through engaging and interactive instruction.

Education:

- Master of Science in Mathematics Education
 - *University of Pennsylvania, Philadelphia, PA*
 - Graduated: May 2022
- Bachelor of Arts in Mathematics
 - *University of California, Los Angeles (UCLA)*
 - Graduated: May 2018

Skills:

- Proficient in Microsoft Office Suite and Google Workspace
- Experienced in utilizing educational technology tools such as Khan Academy and Desmos
- Strong understanding of curriculum development and assessment strategies
- Excellent communication and interpersonal skills, fostering positive relationships with students and colleagues
- Ability to create differentiated instructional materials to meet the needs of diverse learners
- Skilled in data analysis to inform instructional decision-making

Languages:-

- English (Fluent)
- Spanish (Intermediate)

Professional Experience:

Math Teacher - Springfield Central High School, Springfield, USA

- Designed and implemented engaging and rigorous lesson plans for Algebra I, Geometry, and Pre-Calculus courses
- Utilized a variety of instructional strategies, including hands-on activities and cooperative learning, to enhance student engagement and understanding
- Provided timely and constructive feedback to students to support their academic growth and achievement
- Collaborated with colleagues to analyze student data and adjust instruction to meet the needs of individual learners
- Participated in professional development opportunities to stay current with best practices in mathematics education

Hobbies:

- Traveling: Enjoys exploring new destinations and experiencing different cultures
- Yoga: Practices yoga regularly for relaxation and stress relief
- Cooking: Enjoys experimenting with new recipes and cuisines
- Photography: Captures moments of beauty and inspiration in everyday life

Soft Skills:

- Empathy: Understands the individual needs and challenges of students and fosters a supportive learning environment
- Adaptability: Flexibly adjusts teaching methods to accommodate diverse learning styles and abilities
- Collaboration: Works collaboratively with colleagues, parents, and administrators to support student success
- Problem-Solving: Encourages students to think critically and analytically to solve complex mathematical problems
